The **Lift** side table is continuously adjustable in height from 39.5 cm to 75.5 cm and will meet all your needs, whether as a practical side table, a quick lunch table or a coffee table. **Lift** can thus be juxtaposed with a regular table when needed. Your favorite magazines and books are always at hand in the large compartment underneath, a salient element in the design of the **Lift** side table. An additional feature ensures that this coffee table **never loses its balance**: the supporting base is made of steel, with a satin stainless steel, polished chrome or matte black finish. Optionally, you can add an extra splash of color to your living room with the colored glass top.

**The Lift side table can have a convenient drawer upon request.**
