Team 7's Mylon table is a lesson in **organic and contemporary design**. Made entirely of **solid wood** (finished with natural oils and waxes), it can be extended by as much as 100 cm thanks to the convenient extension leaf.

Flared conical legs with **rounded outer edges** gently flow into the frame, giving the table **maximum stability**.

Thanks to a subtle and elegant joint, the top, characterized by **transverse grain**, seems to float above the base.

It transforms from a comfortable family table to an important table with a **simple gesture**, just with one hand and in seconds.

Team 7 furniture combines an **ecological philosophy** with a **contemporary lifestyle**.

Team 7 makes only **eco-friendly furniture** designed in functionality and capable of combining innovative aesthetics with state-of-the-art technology.

All of the brand's solutions have a **modern design** and are in **harmony with nature**.

The structures are made **of 100 percent natural wood**, which ensures high **stability** and maximum **strength**.
