With a **few simple gestures**, the Turca Tandem bed transforms from a **single bed** into a large **double bed**-it is ideal for a teenager's or guest room. The bed looks like a normal single bed with a **90 cm wide mattress**. To transform the bed into a double, it is necessary to pull out the second bed that is stored underneath. The **second mattress is also 90 cm wide**. Once you pull out the second mattress, you can **place it next to the first one**, forming a continuous surface. The two 90 cm mattresses fit perfectly, **thus creating a wide 180x200 cm bed**. With its high comfort it will win over those who stay over for a while and if necessary it can create ample extra space. The **second bed disappears** completely under the first at the time when more space is needed. Turca Tandem can be purchased with or without mattresses. The height of the two mattresses can be a maximum of 15 cm! Team 7 furniture combines an **ecological philosophy** with a **contemporary lifestyle**. Team 7 makes only **ecological furniture** designed in functionality and capable of combining innovative aesthetics with state-of-the-art technology. All of the brand's solutions have a **modern design** and are in **harmony with nature**.

The structures are made **of 100 percent natural wood**, which ensures high **stability** and maximum **strength**.
